**Notice to stakeholders in the bovine and cervid sectors: discontinuation of the red Allflex manual tag applicator**

Longueuil, May 29, 2026 – Attestra wishes to inform the stakeholders in the bovine and the cervid sectors that the supplier Allflex has discontinued the production of the **red manual tag applicators** used for installing identifiers.

It is, however, still possible to place orders with Attestra for this tag applicator model until existing inventory is depleted.

**Allflex UTT3S tag applicator**

The **UTT3S universal tag applicator** also remains available for purchase and includes a replacement pin. Completely re-engineered to improve the user experience, this applicator significantly reduces the force required to apply identifiers.

The Allflex tag applicators can be ordered directly online at [simplitrace.attestra.com](https://simplitrace.attestra.com) (for SimpliTRACE users), or by contacting our Customer Service Department by telephone at 450 677-1757 or 1 866 270-4319.
