How to complete the report form

- 1 Stakeholder number: this number consists of 3 letters followed by 5 to 7 digits and is assigned by Attestra. If you do not have a stakeholder number, please contact Attestra.
- 2 Date animal received: enter the date on which all live or dead animals were received.
- 3 Identification number: the number consists of 15 digits; the first 3 indicate the country — code 124 for Canada.
- 4 Indicate whether the animal is a bovine or an ovine; if it is a cervid, you must specify the species.
- 5 Originating premises number: for premises located in Canada, this number is assigned by Attestra or a Canadian province. If you do not know the originating premises number, enter the address in the next box.
- 6 Condemned (to be completed by the slaughterhouse):
- when the entire carcass is condemned, check this box and do not enter the weight;
- when only part of the carcass is condemned, do not check the box but enter the net weight, excluding the condemned part.
- 7 This information (weight) is required for the administration of La Financière agricole du Québec’s (FADQ) Agricultural Income Stabilization Insurance Program (ASRA).
- 8 Name of the previous owner or custodian; if you do not know this information, enter the name and address of the carrier and the vehicle registration number.
- 9 Enter the number of the movement permit issued by the Canadian Food Inspection Agency (CFIA), if applicable.

You must submit this information to Attestra within **7 days** using one of the following methods:
